1935 Fall List for Garden and Farm

All prices quoted below are present values and subject to change without notice. But we do not anticipate many changes, and our customers may rely upon receiving the very lowest in effect at the time their orders are received.

As the prices are NET CASH, a remittance must accompany all orders. These prices are F. O. B. Elizabeth City, sacks included. Freight or express must be paid by the purchaser.

If you wish parcel post shipment of any items at these prices, sufficient money must be added to the following prices to pay postage, except where noted. When more money is sent than the amount of postage, we will return same, for we make no charge for packing, and all boxes, sacks and containers which we use in shipping are free to you.

Buxton White Seed Co. gives no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs, plants they send out, and will not be responsible for the crop.

SOW OUR PASTURE MIXTURES

PERMANENT PASTURE

One of the very best paying investments that can be made on the farm. We are using the mixture that the State Experiment Station recommends which contains the following: Red Top or Herd's Grass, Kentucky Blue Grass, Orchard Grass, Italian Rye Grass, Alsike Clover, Red Clover and White Dutch Clover.

40 lbs. total seeding per acre, sown in Fall or Early Spring—5 lb. lots 22c lb; 25 lb. lot 20c lb; 100 lb. lots 18c lb.

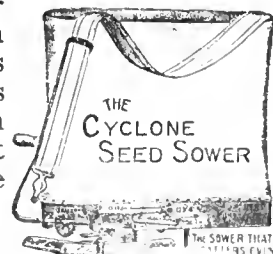

GRAIN PASTURE MIXTURE

The quickest and heaviest yielding winter grazing crop that can be planted now, lasting through fall, winter and spring. Contains the best varieties of Oats, Wheat, Rye, Barley, Vetch, Winter Peas, Rape and Crimson Clover in the right proportions. Sow 2 bushels per acre. Bu. of 50 lbs. \$1.70, 10 bushels or over \$1.60 per bu.

SAVE TIME WITH A CYCLONE SEED SOWER

The Cyclone is a splendid seed sower that will pay for itself in a few days in the time it will save, besides sowing grass and clover seeds and grain of all kinds faster and more evenly and uniformly than is possible by hand. It will sow as fast as you can walk, and the quantity can be regulated to any amount to the acre.

TRUE BLEND EVERGREEN LAWN GRASS

If you wish the “SHOW” lawn of your neighborhood you will get best results by sowing this truly wonderful mixture this fall—the sooner the better now.

We feel fully justified in stating that this is the best lawn grass procurable at any price. Being specially blended by us for this section, it is better adapted to the different soils of the south, and stands the heat and drought of summer, as well as severe cold, better than the various mixtures so commonly offered. Nothing

A Velvety Green Lawn Will Enhance The Value of Your Home
